HURRAY for
happiness

made in
europe

We create playful lifestyle objects with a twist.
Inspired by familiar themes and everyday joy,
everything is thoughtfully designed in Belgium.

Atelier Pistache was founded in Belgium by brother and sister duo Josephine and Henri.

After building the colourful ceramic brand Qué Rico, Josephine wanted to explore a new creative playground and teamed up with her brother Henri, an illustrator with a sharp eye for colour and character.

Named after their childhood dog, Pistache, the brand embodies warmth, happiness and a touch of mischief in every design.
