

LENE BJERRE
SPRING/SUMMER 2026

SPRING / SUMMER

Each spring marks a new beginning — a time to refresh and simplify. It's the season for gatherings, for long golden evenings and moments under the open sky. Tables set in the garden, soft light, and the simple joy of being together.

This season, our collection embraces natural materials, soft textures, and timeless design. Every piece is created to bring ease and balance into the home, with inspiration drawn from the sea and its calm, organic movement. Across furniture, décor, and outdoor living, craftsmanship and comfort meet in designs made to last. Subtle tones, sculptural shapes, and tactile surfaces reflect a thoughtful approach to modern living — one that feels both refined and relaxed.

Designing a Collection

When creating a new collection, inspiration often begins with the smallest detail — a texture, a colour tone, or the curve of a line. These subtle impressions shape ideas and evolve into materials, structures, and expressions that take form in the designs of the season.

Take a glimpse into the creative process behind our Spring/Summer 2026 textiles. Inspired by shapes found beneath the water's surface, early pencil sketches and hand-drawn figures have evolved into finished designs — transformed into tablecloths, napkins, and placemats.

OUTDOOR

This season's outdoor collection brings relaxed elegance to your garden and terrace. Handwoven rattan and bamboo furniture is paired with soft cushions and rugs in beautiful new colours, while paper lanterns and terrace lights add a gentle glow to long summer evenings.

Summer Recipe

Pavlova with Vanilla Mascarpone Cream & Summer Berries

Crisp on the outside and soft within — this pavlova is pure summer on a plate. Topped with a mild vanilla mascarpone cream and a mix of berries, it's as beautiful as it is delicious.

Meringue Base Ingredients

4 egg whites
250 g sugar
2 tsp cornstarch
1 tsp apple cider vinegar

Method

Whisk the egg whites until soft peaks form. Gradually add the sugar, while continuing to whisk until the meringue is glossy and holds stiff peaks. Gently fold in the cornstarch and vinegar. Spoon or pipe the meringue in a circle, in an even layer about 2 cm thick, then build up the edges to form a nest shape. We used a star-shaped nozzle, but you can get creative here and shape it as you like.

Bake at 115°C (fan) for 1½ hours. Turn off the oven and let the pavlova cool completely inside — ideally for 2 hours or even overnight.

Vanilla Mascarpone Cream Ingredients

200 g mascarpone
2½ dl heavy cream
2 tbsp icing sugar
2 tsp vanilla sugar

Method

Combine all ingredients in a bowl and whisk briefly until thick and smooth — take care not to overbeat.

Right Before Serving

Pipe the vanilla mascarpone cream into the cooled pavlova shell and top generously with your favourite summer berries.

Some day everything will
perfect sense. So for now
laugh at the confusion
wring the tears, and
reminiscing your self
everything happens for
today right. Never can
Be a friend. Encour
someone. Take time
let your words be
wound Love.
